Housing, Parking

LEARNING CONTRACT

Total # Weeks

10.00

Hours Per Week

40

Total Hours Interned

400

List your specific job responsibilities

I will be working alongside other software engineers on small sprint teams to design, code and ship features that range from new web UIs, to mobile enhancements, to back-end and server features

What are three things you expect to learn from the internship?

- Software development in a professional environment
- Efficient collaboration with colleagues
- Writing well documented code

How does this apply to your career goals?

I'm a computer science major, aspiring to enter the industry and work as a software engineer. This internship is a software engineering internship and will help me gain necessary experience before I enter the work industry.
